

LEAP Paramedic: Become a Facilitator!

Pallium Canada's LEAP Paramedic is a blended learning (online & face-to-face) interactive course that offers competency-based palliative care education specific to the paramedic setting.

LEAP Paramedic covers:

Taking Ownership • Decision Making • Resources • Advance Care Planning • Essential Conversations • Dyspnea • Pain Management • Psychological Distress • Delirium • Nausea Vomiting and Hydration • Palliative Emergencies • Last Days & Hours

We are looking for individuals to become facilitators!

If you are an experienced educator and a leader in your field with advance care paramedic certification & 2 years work experience then consider applying. Visit www.pallium.ca for more details on Facilitator criteria and the application process.
