This course is for you if you are a doctor, nurse, social worker, pharmacist, personal support worker (PSW), care aide, other health care professional or health manager.

Courses and workshops vary in length, from 3 to 14 hours

Pallium Canada is a not-for-profit organization whose mission is to improve access to palliative care for Canadians by providing health care professionals with essential palliative care skills, also known as "The Palliative Care Approach."

"Palliative Care is everyone's business"

A palliative care course for healthcare providers working in Long-Term Care and Nursing Homes

"LEAP LTC was a wonderful course filled with valuable information that I am able to bring forward with my colleagues."

- LEAP LTC Learner

Target learners

- Doctors, nurses, social workers pharmacists and personal support workers/care aides working in long-term care and nursing homes. Other health professionals also find it useful.
- Format allows each discipline to focus on its unique learning needs while promoting interprofessional team work for better care.

Goals

- Provide the essential practical knowledge, attitudes and skills to provide a palliative care approach, from early in the illness to the end-of-life. It does not make participants palliative care specialists or experts.
- Link learners to local palliative care resources.
- Build organizational capacity.

Features

- Competency-based
- Classroom format; maximum of 30 learners.
- Length: 2 days or total of 13.75 hours.
- Preferred delivery is as 'continuous event' (two back-to-back days). May also be staggered (e.g. across two separate days or four half days).
- Participant & Facilitator manuals.
- Interprofessional delivery is default, but "uni-disciplinary" courses in some cases.

Facilitators

- Pallium trained and certified LEAP Facilitators. Assisted by collaborators with significant clinical experience in palliative care in long-term care-type settings.
- Participant to facilitator ratio of no more than 10:1 to ensure active learning.

Learning activities

- Different methods for different learning styles and learning objectives. These include:
 - Small and large group learning
 - Case-based
 - Long & short cases
 - Practical tips
 - Short videos
 - Reflections
 - Group discussions
 - Slide presentations

LEAP LTC Modules

| Pain | Grief & Suffering |
| Respiratory Symptoms | Organizational Readiness |
| PSW Competencies | |

Development process & funding

- Developed by a pan-Canadian team of content and education experts.
- Peer-reviewed and regularly updated.
- Free of industry influence.
- Development & deployment funded by Health Canada and the Estate of the late Patrick Gillin.

Course organizers

- While some courses are organized and delivered by Pallium Canada, most are organized and delivered by local, regional or national organizations under a license agreement with Pallium Canada.

This program meets the accreditation criteria of the College of Family Physicians of Canada and has been accredited for 27.5 certified Group Learning credits.

Learners receive a certificate of completion when all course requirements are completed, including pre- and post-course reflections, plus a four month commitment to change.

Course locations & venues

- LEAP LTC courses are held across the country at different venues.

To register or organize a course

- Visit www.pallium.ca for a calendar of courses near you. Some are open, others are by invitation.
- If there is no course near you and/or you wish to bring one to your team, facility or community, contact your local palliative care organization or service, or contact the Pallium Office at support@pallium.ca or 1-613-562-6262 ext. 1784.
- Participants and organizers register through the Pallium Portal (www.portal.pallium.ca).

Course costs

- Costs are variable depending on the discipline and the course organizer. Pallium Canada provides organizers with a maximum recommended course registration fee that is fair and aligns with Pallium's non-profit approach.
- Contact Pallium for discount rates for organizations doing large scale palliative education.
